From The Bridge, June 20, 2018

June started with our HIYC Wine Night at Four Brix Winery in Ventura on June 1st. We had over 35 members that attended. The wine, food, and entertainment were fantastic. Then on June 10th was the Ojai Wine Festival. We had 28 members that attended. The bus picked us up at Harbour Island and drove us to the Festival and then back after the event. We all were in the VIP area, what an amazing time. Please view our new video clip of the event on our web site www.harbourislandyachtclub.org. The video was shot by our very own Captain David Morris. He will be doing more videos at our upcoming events. Save the date for our next HIYC Event "Margaritaville" at the Club House on Saturday, July 14th, 4-9 pm. This will be a summer beach party Mexican Style, with surprise entertainment. Wear your sombrero and beach attire. Mexican food, Margarita's, and of course our bar is always open. Next up, is The California Wine Festival in Santa Barbara. This is a 3-day event starting July 19-21, on your own event. There are 16 boats attending and staying in the harbor. You can always drive, ride the train, and stay in a local hotel. We like the Friday Rare Wine tasting in Chase Park. Saturday night is a party on the dock with all the boats and you are all invited to attend. Check out the web site at www.californiawinefestival.com for ticket, and event information. Hope to see you all in Santa Barbara. Save the date, August 19, 2018, for our Electric Boat Regatta. Our Secretary Jim Rauber is designing our game for the regatta. You don't want to miss this event. See ya around the Harbor.
